(Rusty, The ball I have started stocking on the advice of the Dudley rep who covers the whole state is the Dudley SY-12 RF which is an optic yellow .44 core, 375 compression, ASA certified. I would sell them for 39.95 per doz. I can get anything else they may want in about 10 days. This is the ball I would recommend but it's up to them. Just let me know what they come up with. Thanks, God bless you! Doug)
